Savages expect to imbibe bravery by drinking the blood of their brave enemies. A more enlightened method of vitalizing the blood is by taking Ayer's Sarsaparilla. It braces up the nerves and gives strength and fortitude to endure the ills of life.

Many young ladies are ruining their complexion by the continued use of cosmetics and so called face washes. The greater number of these preparations contain mineral poisons, that in time, shrivel up the skin and give the appearance of dissipation and old age. Dutard's Specific is not a paint, but a great beautifier, in as much as it removes all blemishes from the skin, instead of covering them. It cures chapped hands with one application. Sold by R. S.
